**lyriQ airQast IS UNLIKE ANY MUSIC SYSTEM YOU'VE EVER EXPERIENCED.**

With the press of a button you can access, control and play all your favorite music right from your smartphone or tablet through any of the On-Q multi-room audio speakers in your home. Just download the free app on your Apple or Android device, choose a song, album or artist, and press play.

Enjoy music stored on your iTunes library or stream songs directly from your phone or tablet. Get friends and family in on the fun with Jukebox Mode, which lets anyone wirelessly share music stored on their personal devices just by downloading the free airQast app. Build collaborative playlists, add songs, skip tracks and control volume, all without connecting to a dock. On the deck. In the bedroom. At the dinner table. It's your music, whenever and wherever you want it.

Add access to popular streaming music services such as Pandora and SiriusXM and the result is an unparalleled audio system that changes the way you enjoy music.
